

Eagle Series

Scrubber/Dryers

Cimex Eagle mains or battery powered scrubber/dryers offer proven performance and useful innovations for highly efficient hard floor scrubbing in industrial or institutional applications

Applications

- Retail stores & Supermarkets
- Hospitals
- Hotels and restaurants
- Schools
- Food processing
- Industry
- Factories
- Engineering

Features and Benefits

- Mains or battery powered models
- Cimex 3-brush action for unbeatable scrubbing also prevents cable snagging
- Three scrubbing widths -
400mm (16")
500mm (20")
600mm (24")
- Easy fill/empty solution and recovery tanks
- Large capacity tanks for maximum cleaning time
- Easy solution tank removal and recovery tank cleaning
- Non-marking wheels
- Light and easy to manoeuvre
- Compact design with excellent operator visibility
- Reversing brush action extends brush life
- Non-clog solution valve
- Anti-foul float switch for uninterrupted operation

Battery machine – special features

- Up to three hours run-time
- Optional battery change-over facility – doubles available cleaning time
- Traction drive – forward and reverse

The triple-brush cleaning mechanism incorporates a contra-rotating planetary drive disc. This gives a vigorous action that cleans in all directions with the brushes cleaning deep into the grouting of tiled floors, around the contours of rubber studded non-slip floors and for notoriously difficult-to-clean safety flooring.

Eagle Series

Scrubber/Dryers

INNOVATIVE SCRUBBER/DRYERS FOR CLEANING AND HYGIENE IN INDUSTRY AND COMMERCE

A FAR SUPERIOR SCRUBBER/DRYER...

The Eagle scrubber/dryer cleans and dries the floor in one single pass, even when turning. Available in three cleaning widths, the smallest model is ideal for use in congested areas and the larger models for high productivity cleaning of more open areas.

The unique Cimex three-brush system makes these scrubber/dryers simple to operate and extremely efficient. The Cimex three-brush system gives excellent results on what are normally more difficult cleaning jobs such as uneven floors including tiles, studded and safety flooring. A workhorse quickly paying for itself, cleaning up to 2200m² per hour.

Technical Specification

Description	Eagle 400	Eagle 500	Battery Eagle 500 EB500	Battery Eagle 600 EB600
Product Code	E400	E500		
Power source	Mains	Mains	Battery	Battery
Working width (mm)	400	500	500	600
Productivity - theoretical (m ² /h)	950	1400	1800	2200
Solution tank capacity (ltr)	25	25	35	35
Recovery tank capacity (ltr)	25	25	30	30
Brush motor power (watts)	370	550	700	700
Brush speed (rpm)	400	400	400	400
Brush pressure (g/cm ²)	43	25	30	24
Vac motor power (watts)	750	750	370	370
Vac lift (mm/wg)	-	-	1200	1200
Traction motor power (watts)	-	-	75	75
Traction speed (kph)	-	-	0 - 3	0 - 3
Noise level (dB(A))	70	70	75	75
Weight net (no batteries) (kg)	57	65	88	96
Operating weight (kg)	82	90	210	217
Length (mm)	1080	1080	1200	1280
Width - exc. squeegee (mm)	400	500	500	600
Squeegee width (mm)	690	720	840	840
Height (mm)	950	950	980	980
Cable length (m)	15	15	-	-
