

SECTION V - Reactivity Data

Stability	Unstable		Conditions to Avoid
	Stable	X	

Incompatibility (Materials to Avoid)

none

Hazardous Decomposition or by-Products

Carbon monoxide, carbon dioxide

Hazardous Polymerization	May Occur		Conditions to Avoid
	Will Not Occur	X	

SECTION VI - Health Hazard Data

Health Hazards (Acute and Chronic): Route(s) of Entry/Signs and Symptoms of Exposure

Routes of entry are inhalation, skin and ingestion. Contact with eyes may be painful and irritating. Prolonged contact with skin may cause irritations. 2-Butoxyethanol may be absorbed through the skin and may cause blood changes based on studies. Avoid prolonged breathing of vapors and prolonged or repeated skin contact

Emergency and First Aid Procedures

Flush eyes thoroughly with plenty of water for 15 minutes. Flush off skin with plenty of water. If vapors cause discomfort, remove to fresh air. If problems persist, call a physician.

Carcinogenicity: NIP? IARC Monographs? OSHA Regulated?

Not to be a known carcinogen

Medical Conditions Generally Aggravated by Exposure

Aggravated by exposure.

SECTION VII - Precautions For Safe Handling And Use

Steps to be taken in Case Material is Released or Spilled

Flush away with water or soak up with sand or sweeping compound and shovel into waste containers.

Waste Disposal Method

Bury, incinerate, or flush to sewage disposal system in accordance with all federal, state, and local regulations.

Precautions To Be Taken In Handling And Storing

Storage in a cool, dry place between 40°F and 100°F is recommended. Keep product away from heat, sparks, and flames. Use only in areas ventilated with enough air movement to remove vapors and prevent vapor build-up.

Other Precautions

Do not take internally or inhale vapors. Avoid eye contact. Keep children and small pets out of the area during application and off the treated surfaces until dry. Keep container closed when not in use. KEEP OUT OF REACH OF CHILDREN!

SECTION VIII - Control Measures

Respiratory Protection (Specific Type)

Not normally needed.

Ventilation	Local Exhaust	preferable	Special
	Mechanical (General)	acceptable	Other

Protection Gloves

Rubber gloves

Eye Protection

Chemical Safety Goggles

Other Protective Clothing or Equipment

Usually not needed unless splashing is excessive.

Work/Hygienic Practices
